About Travellers Aid

Travellers Aid is a registered charity and social enterprise with service hubs at Flinders Street, Southern Cross, Ballarat and Seymour stations.

An integral part of Victoria's travel story, we began by assisting women travelling for work during two World Wars. Today we offer a wide range of services that enable people with diverse needs to travel across the Victorian public transport system, access events and participate in their community.

Travellers Aid is about access and inclusion. Across all of our services, we're committed to ensuring that all Victorians can participate in our community. We take pride in the diverse backgrounds of our team which reflect the communities in which we work.

Our vision is a society where people with disability or mobility challenges are treated with dignity and respect, being able to lead full and rich lives with confidence.
